Electronic Advertisement Material

General:

Data quantities <10 MB can be emailed to the recipient.

Data quantities >10 MB must be submitted via
www.wetransfer.com

We work in the PC environment using the following tools:
InDesign, Illustrator and Photoshop.

Fonts:

As a starting point, the used fonts are to be submitted;
they can be included in a PDF or vectored before
submission.

PDF:

PDF's are to be submitted in print quality 300 dpi.
TechMedia A/S is not liable for errors in the submitted
PDF material.

Advertisement Text:

Text for advertisements can be submitted in a Word docu-
ment or written in an email.

Photos:

Photos are to be submitted in print quality 300 dpi in TIFF
format (file name.tif) or J-PEG format (file name.jpg). Pho-
tos submitted in lower than the requested quality can be
used, however TechMedia A/S cannot be held responsible
for the quality.

Photos from the internet are usually not of print quality.

Graphics and Logos:

As a starting point, graphics and logos are to be submit-
ted in Illustrator-EPS format (file name.eps) or –AI (file
name.ai). Alternatively, material can be submitted in PDF
format (file name.pdf), TIFF format (file name.tif) or J-PEG
format (file name.jpg).

Logos from the internet are usually not of print quality.

Contact:

We value good customer communications and are willing
to mentor and offer advice within our areas of expertise.
Should we on receipt of advertisement material have any
doubts or questions regarding the material or quality, we
always contact the customer.

For questions regarding advertising material in Elteknik,
please contact Marianne Dieckmann, tel: +45 43 24 26 82
or via email: md@techmedia.dk

General Information

Editorial objective:

Elteknik's objective is to publish a technical trade magazine on high power, automation and energy at a level which is satisfactory to the broadest possible target group in the field.

Good reasons for choosing "Elteknik":

- 1** Elteknik reaches a well defined target group as well as wider audience with relevant information from the technical and electro technical world.
- 2** Elteknik runs technical articles within the sphere of automation, motors, energy, high power and supply.
- 3** Elteknik describes new technology, research and legislation.
- 4** Elteknik runs case studies from the industry and explains technical matters and solutions.
- 5** Elteknik runs dedicated topics on cables, security techniques and intelligent installations on a regular basis.
- 6** Elteknik carry news from the trade on companies and people as well as products and solutions.
- 7** Elteknik cover Danish and international trade shows with substantial coverage of the latest developments.
- 8** Elteknik is mouthpiece for the Danish electro technical society informing about current activities in the society.
Elteknik is distributed to all the members.
- 9** Elteknik is part of the privately owned company, Tech-Media A/S, the largest publisher of B2B publications in the Nordic market.
