General Information

Editorial objective:

Plast Panorama Scandinavia is a magazine published 11 times yearly. The target audience consists primarily of the plastic processing and consuming industries and their suppliers in Denmark - as well as the authorities relevant to the trade.

The substance is concentrated around subjects such as: Technical/technological development of raw materials, production (design, product development, tooling etc.) products, maintenance and re-cycling/environment/energy. News of the trade is obtained (among other sources) through a close link with "The Danish Plastics Federation".

10 good reasons for choosing Plast Panorama Scandinavia:

- 1** The only trade magazine in Denmark directed at the plastic processing and consuming industry.
- 2** 11 issues per year.
- 3** Total coverage of news related branch and product information.
- 4** Informs concerning production equipment, raw materials, etc.
- 5** Welcomes articles regarding technological development.
- 6** A big informative buyers guide in each issue.
- 7** Updated international seminars and fairs calendar.
- 8** Targeted at the Danish companies who may be interested in plastics and rubber.
- 9** Direct access to news from The Danish Plastics Federation.
- 10** Published by TechMedia A/S – a publishing house with more than 50 years of trade experience.
