Electronic Advertisement Material

General:

Data quantities <10 MB can be emailed to the recipient.

Data quantities >10 MB must be submitted via
www.wetransfer.com

We work in the PC environment using the following tools:
InDesign, Illustrator and Photoshop.

Fonts:

As a starting point, the used fonts are to be submitted;
they can be included in a PDF or vectored before
submission.

PDF:

PDF's are to be submitted in print quality 300 dpi.
TechMedia A/S is not liable for errors in the submitted
PDF material.

Advertisement Text:

Text for advertisements can be submitted in a Word document or written in an email.

Photos:

Photos are to be submitted in print quality 300 dpi in TIFF format (file name.tif) or J-PEG format (file name.jpg). Photos submitted in lower than the requested quality can be used, however TechMedia A/S cannot be held responsible for the quality.

Photos from the internet are usually not of print quality.

Graphics and Logos:

As a starting point, graphics and logos are to be submitted in Illustrator-EPS format (file name.eps) or –AI (file name.ai). Alternatively, material can be submitted in PDF format (file name.pdf), TIFF format (file name.tif) or J-PEG format (file name.jpg).

Logos from the internet are usually not of print quality.

Contact:

We value good customer communications and are willing to mentor and offer advice within our areas of expertise. Should we on receipt of advertisement material have any doubts or questions regarding the material or quality, we always contact the customer.

For questions regarding advertising material in Plus Proces, please contact Marianne Dieckmann, tel: +45 43 24 26 82 or via e-mail: md@techmedia.dk

General Information

Editorial objective:

Plus Proces is an independent periodical containing bona fide information for professionals on development and trends in the food industry. The journal is distributed to subscribers and non-subscribers, reaching decision-makers within trade, industry and laboratories, related to food, beverage and the tobacco industry.

Nine good reasons for choosing Plus Proces

- 1** Plus Proces has the highest number of recipients, making it Denmark's most important trade journal.
- 2** The foundation stones of Plus Proces are:
 - Equipment and machinery for industrial processing of foods and beverages
 - Industrial automation, robotics and IT
 - Food analysis and equipment and instruments for the Food lab
 - Ingredients for use in the food and beverage industry
- 3** Plus Proces is the only trade journal with an All-Danish approach to the food and beverage industry. Consequently all articles are exclusively chosen to meet the requirements of the trade.
- 4** The editorial contents of Plus Proces cover such subjects as industrialized food production/technology, quality control (laboratories and analysis) quality testing and product development and sales (market trends).
- 5** Professionals within the industry will always find relevant articles in Plus Proces.
- 6** Plus Proces is distributed to all Food Technologists and Fisheries Technicians in Denmark.
- 7** The editorial line is generally more in-depth than comparative journals.
- 8** Every issue carries themes of immediate interest to the carefully selected target groups within the food industry.
- 9** Genuine paper and print quality.
