## Advertisement Material

### General:

Data quantities <10 MB can be emailed to the recipient.

Data quantities >10 MB must be submitted via [www.wetransfer.com](http://www.wetransfer.com)

We work in the PC environment using Adobe Creative Cloud.

### Fonts:

As a starting point, the used fonts are to be submitted; they can be included in a PDF or vectored before submission.

### PDF:

PDF's are to be submitted in print quality 300 dpi.

TechMedia A/S is not liable for errors in the submitted PDF material.

### Photos:

Photos are to be submitted in print quality 300 dpi in TIFF format (file name.tif) or J-PEG format (file name.jpg). Photos submitted in lower than the requested quality can be used, however TechMedia A/S cannot be held responsible for the quality.

Photos from the internet are usually not of print quality.

### Graphics and Logos:

As a starting point, graphics and logos are to be submitted in Illustrator-EPS format (file name.eps) or -AI (file name.ai). Alternatively, material can be submitted in PDF format (file name.pdf), TIFF format (file name.tif) or J-PEG format (file name.jpg).

Logos from the internet are usually not of print quality.

### Using web and email addresses in advertisements:

It is possible to have clickable web and email addresses in the ads in the digital issues of Plast Panorama.

### How to do it:

- Web and email addresses must be text only
- Space must be added between web and email addresses and other text
- Email addresses are to be written in full and include @
- Web addresses are to be written in full and include www.

TechMedia A/S cannot be held responsible for web-links not working correctly.

### Contact:

We value good customer communications and are willing to mentor and offer advice within our areas of expertise. Should we on receipt of advertisement material have any doubts or questions regarding the material or quality, we always contact the customer.

For questions regarding advertising in Plast Panorama, please contact Helle Hansen, tel: +45 43 24 26 71 or via e-mail: [hh@techmedia.dk](mailto:hh@techmedia.dk)

# General Information

## Editorial objective:

Plast Panorama is a magazine published 6 times yearly. The target audience consists primarily of the plastic processing and consuming industries and their suppliers in Denmark - as well as the authorities relevant to the trade.

The substance is concentrated around subjects such as: Technical/technological development of raw materials, production (design, product development, tooling etc.) products, maintenance and re-cycling/environment/energy.

## 10 good reasons for choosing Plast Panorama:

- 1** The only independent trade magazine in Denmark directed at the plastic processing and consuming industry.
- 2** 6 issues per year.
- 3** Total coverage of news related branch and product information.
- 4** Informs concerning production equipment, raw materials, etc.
- 5** Welcomes articles regarding technological development.
- 6** Covers the political agenda in the plastics industry.
- 7** A big informative buyers guide in each issue.
- 8** Updated international seminars and fairs calendar.
- 9** Targeted at the Danish companies who may be interested in plastics and rubber.
- 10** Published by TechMedia A/S – a publishing house with more than 50 years of trade experience.
